

LIQUID

ALGUA DETOX

SUPPORTS LIVER FUNCTION

ALGUA DETOX concentrates plant extracts and seaweed extracts that stimulate the drainage of the liver, as well as renal regeneration and blood detoxification.

ALGUA DETOX supports liver function in the event of chronic liver failure.

Athletic horse

Turmeric, Fucus vesiculosus, Boldo, Black radish, Artichoke, Dandelion, Choline, Sorbitol

USES

	DOSAGE PER DAY	FREQUENCY
Adult horse	30 ml	10 days
Young horse and ponies	15 ml	10 days

The simultaneous use of different organic acids or their salts is contraindicated when one or more of them are used at or close to the maximum permitted level.

PRODUCT ADVANTAGES

- Helps natural liver detoxification
- Stimulates metabolism
- Stimulates kidney function

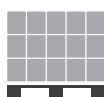

TIPS FROM PASKACHEVAL

According to a study conducted with two groups of 10 horses from 2013 to 2016 in Orne, France, ALGUA DETOX (30 ml/horse/day) led to a significant reduction in GGT (Gamma Glutamyl Transferase) levels. After 10 days, GGT levels dropped below 40 IU/l. With ALGUA DETOX, we have promoted the return to normal functioning of the liver.

RAW MATERIALS

Sorbitol, Anhydrous magnesium Sulfate, Turmeric, Fucus vesiculosus, Boldo, Black radish, Artichoke, Dandelion. Product of the transformation of plants by maceration.

Additives (/L)d= 1kg/l	Additives (/L)d= 1kg/l	Nutritional values (%)	
3A-VITAMINS	3B-TRACE ELEMENTS	Crude Ashes	3,00%
Choline chloride (3a890) 50 000 mg	Zinc (zinc sulphate, monohydrate) (3b605) 1 280 mg	Crude Protein	3,20%
2B-FLAVOURINGS	Manganese (Manganous sulphate, monohydrate) (3b503) 1 000 mg	Crude Fiber	0,30%
Aromatic substances		Crude Fat	0,00%
Ethanol (2b02078) 206 045 mg		Natrium	0.1%
1A - CONSERVERS		Sorbitol (E420)	2,00%
Formic acid (1k236) 5 180 mg		Moisture	63,00%
Propionic acid (1k280) 1 510 mg		Magnesium	0,2%

Palletization:

1 L : 6 units per carton / 420 units per pallet
5 L : 220 units per pallet
