DEX-HIDRO-VIT

REGISTRATION NUMBER Q-7972-156

Vitaminized restorative, with amino acids and electrolytes in aqueous solution

FORMULATION

Each 100 mL contains:

*Amino acids

Dextrose	5.0 g
Sodium acetate	0.25 g
Calcium chloride	15 mg
Potassium chloride	20 mg
Magnesium sulphate	20 mg
Vitamin B1	10 mg
Vitamin B2	4 mg
Nicotinamide	150 mg
Calcium pantothenate	5 mg
Vitamin B6	10 mg
Vitamin B12	1000 mcg
K + Ion	2.7 mEq
Na+ Ion	30 mEq
Distilled water q.s.	100 mL

* Essential amino acids after hydrolysis: valine 3 mg; leucine 4 mg; threonine 2 mg; isoleucine 2 mg; lysine 4 mg; tryptophan 1 mg; methionine 1 mg; arginine 2 mg.

DOSAGE SIZE AND FORM:

Bottle 500 mL

VETERINARY USE

SOLUTION FOR INJECTION

VITAMINIZED RESTORATIVE, WITH AMINO ACIDS AND ELECTROLYTES IN AQUEOUS SOLUTION

**INDICATIONS:**

Dex-hidro-vit is indicated in cattle (meat and milk producers), equines, goats, sheep, swine, canines, and felines, in conditions that are characterized by deficiency of the components of its formulation and in the treatment of support of weak and sick animals or in convalescent period.

Description:

It is an aqueous solution made of amino acids, electrolytes, B complex vitamins and dextrose in aqueous solution, which acts as a re-hydrating, metabolism stimulant and as an alternative source of energy. It has free Na and K ions, for immediate bioavailability.

Species:

Cattle (meat and milk), equines, goats, sheep, swine, canines, and felines.

Dex-hidro-vit dose: Administer 1 to 5 mL per kg of weight.

Route of Administration:

By slow intravenous injection, intraperitoneal, subcutaneous or oral. When intravenous application is chosen, heat the product to body temperature before administration.

WARNINGS AND/OR RESTRICTIONS:

Shake the product before use. Keep in a dry and cool place in a range within 15-30°C and protected from direct sunlight. Keep out of reach of children and pets. Any unused veterinary medicinal product, residues derived from it and empty primary packages must be disposed of safely and in accordance with local regulations, avoiding contaminating water sources. Product for exclusive use in Veterinary
