DIETARY SUPPLEMENT

Presentation: 1 L bottle

Formula: Vit A 85,000IU (palmitate); Vit D3 (cholecalciferol) 12,000 IU; ; Vit E (as alpha-tocopheryl acetate 150IU; Choline Chloride 780mg; Vit K 8.5mg; Selenium (sodium selenite) 2,500mg; Folic acid 34mg; VITb1 (thiamine hydrochloride) 340mg; Vit B12 (cyanocobalamin) 0.68mg; Vit B2 (riboflavin) 95mg; VitB6 (pyridoxine hydrochloride) 35mg; Niacinamide 915mg; Biotin 0.085mg; Calcium pantothenate 17mg; Anhydrous Potassium Chloride 340mg; Magnesium sulfate heptahydrate 45mg; Manganese sulfate monohydrate 130 mg; Copper sulfate 5 H2O 150mg; Cobalt 7 H2O Sulfate 7mg; Zinc Sulfate 7H2O 370mg; Heptahydrate iron sulfate 1015 mg; Excipients q.s. 100 ml

Indications:

Dietary supplement consistent of vitamins, iron and minerals with a pleasant taste for horses, formulated to provide vitamins and minerals that could be lacking or found in insufficient quantities in the usual food of animals with nutrition deficiencies, such as equines in a stage of recovery, training or competition.

Dosage and administration

Administer orally for 30 days.

Horses at the beginning of training or in a stage of recovery: 30 ml per day.

Horses training and in competition all year round: 60 ml per day.

Note: 2 tablespoons represent approximately 30 ml.

Shake before using.

NOTE: The distributor is not responsible for the consequences arising from improper use of the product, since it will be used in circumstances beyond the distributor's control.

Keep out of the reach of children and pets.

In the event of accidental poisoning attend the nearest poison control center.

Storage: Between 15° and 25° C and sheltered from light

Used containers must be discarded in accordance with current local legislation.
