للاستخدام الخارجي فقط

COMPOSITION: Each gram contains:
Aluminium powder.....40 mg

TARGET ANIMALS:
Cattle, horse, poultry, sheep, dogs and cats.

INDICATIONS:
It is used as a protective barrier against
external irritant agents.
It is great for dehorning, castrating, tail
docking, summer sores, minor cuts and
scrapes.

DIRECTIONS FOR USE:
Shake well before use. Apply superficially to
wounds once or twice daily, to produce a fine
coating of the powder. For optimal use,
wounds should be cleaned, disinfected and

sutured if necessary before the application of
ALUSOL.
