AMOXIGENT

REGISTRATION NUMBER Q- 7972-102

Amoxicillin and Gentamicin sulfate

Injectable suspension

Antibiotic with synergistic action

FORMULATION:

Each ml contains

Amoxicillin150 mg

Gentamicin sulfate 40 mg

Vehicle q.s.1 mL

CONSULT A VETERINARY DOCTOR

AVAILABLE BY PRESCRIPTION ONLY

INDICATIONS:

AMOXIGENT it is a broad-spectrum antibiotic with synergistic action for the treatment of systemic infectious diseases of domestic animals.

BOVINES, OVINES AND CAPRINES: pneumonia, diarrhea, gabarro, metritis, mastitis, bacterial enteritis, and skin abscesses.

SWINES: dysentery, colibacillosis, bacterial enteritis, pneumonia, mastitis and septicemia.

EQUINES: Septicemia, respiratory infections and polyarthritis.

SPECIES: Bovines, caprines, ovines (meat and milk), swines and equines.

DOSES: 1 ml per 10 kg of body weight (equivalent to 15 mg of amoxicillin per kg of body weight and 4 mg of gentamicin per kg of body weight) once a day, for 3 consecutive days.

ROUTE OF ADMINISTRATION: Intramuscular.

In high dosages, for example, in adult cattle and equines, it is advisable to distribute the product over 2 inoculation points, to promote its absorption and avoid edema and/or inflammation.

WARNINGS AND/OR RESTRICTIONS:

Do not administer to equines intended for human consumption. Do not use this product 45 days before the slaughter of animals intended for human consumption. Do not consume milk from treated females until 4 days after their last application. Do not use in animals hypersensitive to the formula. Anorexia, vomiting and/or diarrhea may occur. Do not apply in patients with kidney disease since gentamicin is nephrotoxic. Shake vigorously before use. When the bottle has remained undisturbed for some time, it is normal for the product to separate into two layers, which are easily resuspended by shaking. Correct management of antibiotics reduces antimicrobial resistance. Avoid underdosing. Its use is recommended under laboratory diagnosis. **Keep in a dry, cool place, protected from direct sunlight. Keep out of reach of children and pets.**
