

BIOVITAL

BIOTIN&ZINC

DOG & CAT

STRONG SUPPORT FOR SKIN AND HAIR HEALTH

Biotin for cats and dogs. Complementary feed containing zinc, mannan oligosaccharide (MOS), vitamins and minerals. Thanks to vitamins that accelerate metabolic development, it provides energy and vitality as well as skin and hair health. It is also a specific combined vitamin B and mineral supplement for cats with the effect of MOS supporting the digestive system. It is a complementary feed product.

PRODUCT CONTENT: Malt Flour, Vegetable fats (Sunflower, Olive), Yeast (*Saccaromyces cerevisiae*), Herbal products, Vitamins and Minerals.

DAILY CONSUMPTION AMOUNT: It is recommended to give 4 cm (2 gr) per day to adult cats and dogs, the amount given daily can be doubled depending on the need.

PRODUCT FEATURES: It contains components that strengthen the skin and hair health system.

Vitamin B2 : It slows down hair loss and accelerates the growth of kittens and dogs.

Vitamin B12 : It protects nerve cells, strengthens memory.

B7(Biotin): It slows down hair loss and increases the durability of the nails.

Zinc is the building block of many enzymes. It is necessary for immune, nerve and reproductive functions, accelerates wound healing. Selenium increases the body's resistance to diseases and stress.

- The yeast derivative contains MOS (Mannan-oligosaccharide).
- Dietary fibers are important for intestinal health.
- It provides a strengthening effect thanks to its special contents. It protects skin health and makes your cat and dog feel good.
