This ointment is enriched with Norway tar for the protection and care of the hoof during the winter period.

Adeps suillus, Paraffinum liquidum, vegetable oil, cod-liver oil, Laurus nobilis leaf extract, Norway Tar, Bambusa vulgaris extract, Aloes extract

PRODUCT ADVANTAGES

- › Designed for wet and muddy conditions
- › Helps protect hooves from excessive moisture and external aggressions
- › Maintains hoof elasticity and flexibility area

TIPS FROM PASKACHEVAL

Ideal in wet weather! This ointment helps preserve hoof quality by repelling moisture and forming a protective layer, the perfect barrier for rainy days and muddy paddocks.

USES

Should be applied on a clean hoof 2 to 5 times a week
