

FLOR' STIMUL

GUT FLORA BALANCE

FLOR'STIMUL helps balance intestinal flora:

- Chicory root, rich in inulin, a precursor of fructo-oligosaccharides (FOS)
- Yeast whose walls contain manno-oligosaccharides (MOS)
- Live yeast to support the gut flora balance
- Marshmallow for intestinal comfort

Athletic
horse

Fenugreek,
marshmallow,
live yeast

USES

	DOSAGE PER DAY	FREQUENCY
Foals and ponies	50 gr	During 25 days
Adult horse	100 gr	in 2 doses, morning and evening during 25 days

For daily support, the dose can be divided by day.

PRODUCT ADVANTAGES

- Helps to secure and enhance the yield of the ration
- Promotes strengthening intestinal balance
- Promotes a better fiber digestibility

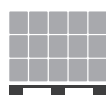

TIPS FROM PASKACHEVAL

Prebiotics help feed the good bacteria in the horse's gut. They improve digestion and contribute to reduce issues like bloating or diarrhea. Very useful during stress, feed changes, or after veterinary treatments.

RAW MATERIALS

Wheat milling, Inactivated brewer's yeast, Chicory roots, Fenugreek cotyledon (*Trigonella foenum-graecum*), Marshmallow processing product.

Additives (/kg)	Nutritional values (%)	
4B-GUT FLORA STABILISERS	Crude Ashes	5.05 %
Saccharomyces cerevisiae CNCM I-4407 (4b1702) 600 x10 ⁶ x p9UFC/kg	Crude Fiber	4.88 %
	Crude Protein	22.65 %
	Crude Fat	3.33 %
	Natrium	0.04 %

Palletization:

Buckets of 2,5 and 5 kg : 138 units per pallet
