

EQUINOVA HERBA MASH

A SUPPLEMENTARY FEED MIXTURE FOR HORSES THAT STABILIZES INTESTINAL FUNCTION.

Complementary feed mixture

HEALTHY GUT – PREVENTIVE CARE – GOOD DIGESTION – WELL-BEING – REGENERATION

This herbal mash was created to optimize digestive processes in cases of chronic intestinal disorders. Herbs, along with vegetables, bran, and flaxseed, support digestion and metabolism. The combination of herbs used in Herba MASH reduces the risk of colic and other digestive ailments. Flaxseed has a protective effect on the delicate mucous membrane of the stomach and intestines. Brewer's yeast supports the proper functioning of intestinal flora. Herba MASH is an essential dietary component for horses with digestive problems, such as frequent diarrhea, diarrhea, and stomach ulcers.

HERBA MASH

COMPOSITION:

linseed, wheat bran, corn flakes, linseed oil, dried carrots, dried alfalfa, apple pomace, molasses, locust bean gum, oat flakes, molasses, brewer's yeast, sodium carbonate, calcium carbonate, herbs (nettle leaves, black cumin, blackberry leaves, rosemary leaves, wild thyme, yarrow herb, birch leaves, peppermint, fenugreek seeds, fennel seeds, licorice root, oak bark)

ANALYTICAL COMPONENTS:

Crude protein 11.6%, Crude fat 10.0%, Crude fiber 10.7%, Crude ash 5.9%, Calcium 0.6%, Phosphorus 0.5%, Sodium 0.1%, Magnesium 0.2%

Preparation:

Recommended daily ration of equinova® HERBA MASH:

50 g of mash for every 100 kg of the horse's body weight.

The ratio of HERBA MASH to tea should be 1:2.

To prepare the tea, use 1 g of herbal mixture for every 100 kg of the horse's body weight (1 g of herbs is approximately 1 teaspoon). Pour 100 ml of water over each measured teaspoon. The water for infusing the tea should be below 50 °C.

Example calculation:

Horse weighing 600 kg:

300 g of equinova® HERBA MASH + 600 ml of hot water + 6 g of herbal mixture (tea)

Use and nutrition:

■ Colic prevention:

Feed 3 times a week.

■ Supporting the treatment of colic:

After consultation with a veterinarian, use daily. Then as a preventive measure 1-3 times a week.

■ For gastric ulcers and acidosis:

In case of acute acidosis, use daily after consultation with a veterinarian. After recovery, administer prophylactically 1-3 times a week.

■ General digestive problems, such as diarrhea, flatulence:

Use 1-3 times a week.

■ Coat shedding:

Feeding equinova® HERBA MASH (once a week) supports the immune system.

The contained linseed ensures a shiny and healthy coat.
