

## MYOBUILDER

PROMOTES MUSCLE DEVELOPMENT

**MYO BUILDER** is a protein concentrate which brings amino acids essential for a good muscular development. Enriched in carnitine and live yeasts, it promotes the boost of the energy of the ration, by intervening on the digestion and on energy metabolism.

Playing on both the protein and energy aspect, MYO BUILDER contributes to the muscular development of horses.

Athletic horse

FROM RESEARCH  
PaskaCheval

Fenugreek,  
Carnitin, Live  
yeasts, Amino-acids

### USES

|             | DOSAGE PER DAY | FREQUENCY    |
|-------------|----------------|--------------|
| Adult horse | 50 gr          | 30 days min. |

*This dose can be doubled when the horse's needs are important.*

### PRODUCT ADVANTAGES

- Packed with amino acids, it boosts muscle cell production and supports effective recovery after physical activity.
- Carnitine provides essential energy, helping to reduce fatigue and prevent cramps.
- The live probiotic yeasts enhance intestinal absorption for optimal digestion.

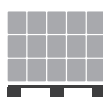

### TIPS FROM PASKACHEVAL

Carnitine plays a crucial role in the energy metabolism of horses, improving fat utilization and reducing fatigue during prolonged efforts. Probiotics (live yeasts) help balance the intestinal flora, improving digestion and nutrient absorption, supporting overall health and performance.

### RAW MATERIALS

Wheat bran, Soy Protein Concentrate, Brewer's Yeast, Dextrin, products from the processing of fenugreek, Sugar, Calcium Carbonate.
