Cautions:

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Safe use in pregnant animals or animals intended for breeding has not been proven. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset. An examination from a veterinarian is recommended prior to using this product. Use with caution with cardiac glycosides and MAO inhibitors. Should be used with caution in animals with hypertension. May have hypoglycemic effects.

For use in horses only.

Power Pak® Nitro provides a concentrated formula to support lung, cardiovascular and muscular health for performance horses.

Directions for Use:

- **Pre-Event:** Administer one Pak 3-6 hours before event during or after mealtime.
- **Alternate Use:** Administer 1/2 Pak (Approx. 45 grams) the day before event and 1/2 Pak 3-6 hours before the event during or after mealtime.
- **Multi Product Use:** Mix Power Pak® Nitro and Blitz! Pak™ together. Administer all the powder the day of or the day before the event, or administer half the powder the day before and half the powder the day of the event during or after mealtime.
- **Note:** Use in accordance with event rules which govern the use of all products, including the timing for when products may be used.

Warnings:

Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.
