

Formula: Citronella oil 3.00g; Excipients q.s.p. 100.00 mL

**INDICATIONS:**

CANOPUS REPELLENT VETERINARY PRODUCT is especially indicated to keep away annoying insects such as flies, mosquitoes, stable flies, midges and horseflies from sport horses.

**DOSAGE AND ADMINISTRATION:**

Apply directly on the animal's hair, spraying the coat until it is fully covered. Apply every 4 hours in the presence of insects. It may be repeated before the stipulated time if the animal begins to sweat.

**CAUTION:**

If it occasionally irritates the skin, suspend its administration. Do not apply on the eye and mouth area. POSSIBLE SIDE EFFECTS. It may cause skin irritation. Suspend the application in this case.

**Keep out of the reach of children and pets.**

**Used containers must be discarded in accordance with current local legislation.**

**In the event of accidental poisoning attend the nearest poison control center.**

**Storage: Between 5° and 25° C and sheltered from light.**
